

PILM 2023

International Workshop on
PET In Lymphoma & Myeloma

9th international workshop on PET in lymphoma and myeloma

VIRTUAL MEETING PRELIMINARY PROGRAM

Thursday January 12 th 2023

Expert session (on-line). Start 3.00 pm (CET, UTC +1)

3.00 – 7.00 pm

Results from the TMTV Harmonization

Chair:

S. Barrington (*UK*), M. Meignan (*France*), I. Buvat (*France*),
R. Boellaard (*Netherlands*), S. Kanoun (*France*)

Panel involved in the project:

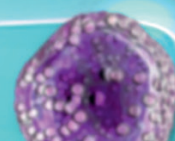

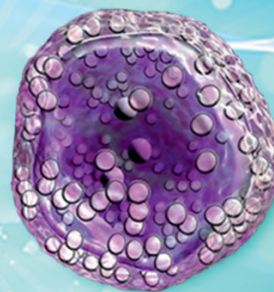

I. Buvat (*France*), R. Boellaard (*Netherlands*), L. Ceriani (*Switzerland*), S. Chauvie (*Italy*),
O. Casasnovas (*France*), A-S. Cottureau (*France*), A. Berriolo (*France*), A. Gallamini (*France*),
R. Hicks (*Australia*), C. Schmitz (*Germany*), C. Kobe (*Germany*), L. Kostakoglu (*USA*), T. El Galaly
(*Denmark*), A. Loft Jakobsen (*Denmark*), G. Mikhaeel (*UK*), A. Moskowitz (*US*), L. Rebaud (*France*),
H. Schoder (*US*), A. Versari (*Italy*), L. Guerra (*Italy*), S. Luminari (*Italy*), L. Rigacci (*Italy*), L. Ceriani
(*Switzerland*), J. Zijlstra (*Netherlands*), E. Zucca (*Switzerland*), G.J.C. Zwezerijnen (*Netherlands*)
and all experts.

Nota bene: Audience registered to this session of the meeting will attend but will not participate.

PILM 2023

International Workshop on
PET In Lymphoma & Myeloma

Friday January 13th 2023

Afternoon sessions (on-line) Start 2.00 pm (CET, UTC +1)

2.00 – 2.15 pm

Opening

Chair:

M. Meignan (*LYSA*), S. Barrington (*UK*), A. Gallamini (*France*), C. Thieblemont (*France*),
A-S. Cottereau (*France*), F. Morschhauser (*LYSA*), S. Luminari (*FIL*), L. Guerra (*FIL*),
C. Haioun (*LYSA*).

2.15 – 4.15 pm

Session I: International on MTV harmonization recommendations and conclusions

Chair:

I. Buvat (*France*), S. Barrington (*UK*), M. Meignan (*France*), R. Boellaard (*Netherlands*),
S. Kanoun (*France*), A-S. Cottereau (*France*).

Panel involved in the project:

I. Buvat (*France*), R. Boellaard (*Netherlands*), L. Ceriani (*Switzerland*), S. Chauvie (*Italy*), G. Mikhaeel (*UK*), O. Casasnovas (*France*), A-S. Cottereau (*France*), A. Berriolo (*France*), A. Gallamini (*France*),
C. Schmitz (*Germany*), C. Kobe (*Germany*), L. Kostakoglu (*USA*), T. El Galaly (*Denmark*), A. Moskowitz (*US*), H. Schoder (*US*), A. Versari (*Italy*), L. Guerra (*Italy*), S. Luminari (*Italy*), L. Rigacci (*Italy*), L. Ceriani (*Switzerland*), E. Zucca (*Switzerland*). **Presentations to be defined**

Questions from the audience: 35 min.

Chair: S. Barrington (*UK*), M. Meignan (*France*).

4.30 – 5.45 pm

Session II: TMTV and DNA in lymphoma

Chair:

D. Rossi (*Italy*), C. Haioun (*France*).

4.30–5.15 pm

New data and perspectives – A. Alizadeh (*USA*)

Panel involved in the project:

C. Rossi (*France*), O. Casasnovas (*France*), C. Kobe (*Germany*), Ch. Schmitz (*Germany*), F. Merli (*Italy*), M. Meignan (*France*).

Discussions: 30 min.

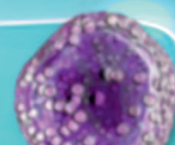

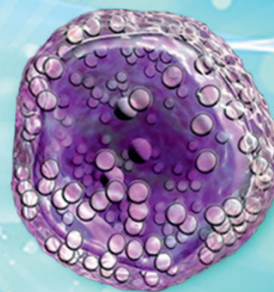

5.45 – 6.00 pm

Break

PILM 2023

International Workshop on
PET In Lymphoma & Myeloma

Evening sessions (on-line)

6.00 – 8.00 pm

Session I: How to define prognostic indices including baseline PET parameters?

Chair:

L. Sehn (*CND*), C. Thieblemont (*France*).

6.00–6.20 pm

A history of the prognostic indices in DLBCL

L. Sehn (*CND*)

6.20–6.40 pm

How to compare prognostic indices ?

L. Chartier (*France*)

6.40–7.00 pm

How to define new prognostic indices?

C. Thieblemont (*France*), L. Sehn (*CND*)

7.00–7.45 pm

New proposals and existing examples

M. Meignan (*France*), C. Thieblemont (*France*)

Panel involved in the project:

L. Ceriani (*Switzerland*), C. Thieblemont (*France*), A-S. Cottreau (*France*), G. Mikhaeel (*UK*), M. Federico (*Italy*), A. Lister (*UK*), B. Cheson (*USA*).

7.45–8.00 pm

Discussion between chair, panel and audience

8.00 – 9.30 pm

Session I : How to define Deauville criteria? D4 : the challenge

Chair:

S. Barrington (*UK*), J. Trotman (*Australia*)

detailed program to be defined

8.00–8.30 pm

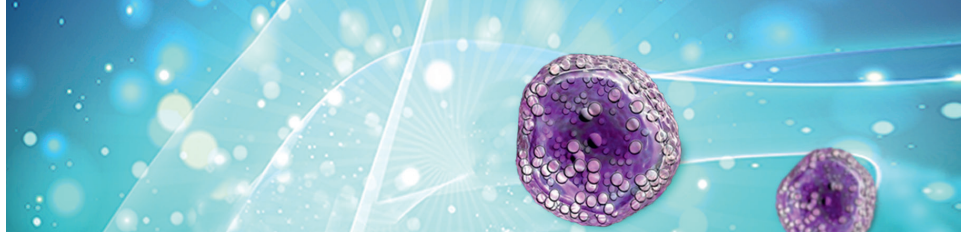

J. Trotman (*Australia*)

8.30–9.00 pm

A-S. Cottreau (*France*)

9.00–9.30 pm

Discussion

Saturday January 14th 2023

Afternoon sessions (on-line) Start 2.00 pm (CET, UTC +1)

2.00 – 4.00 pm

**Perspectives in Radiomics and genomics in lymphoma subtypes
discussion between hematologists, nuclear medicine physicians**

Chair:

S. Luminari (*Italy*), A-S. Cottereau (*France*), R. Boellaard (*Netherlands*),
S. Chauvie (*Italy*), I. Buvat (*France*).

2.00–2.30 pm

Follicular lymphoma

J. Trotman (*Australia*), discussant A-S. Cottereau (*France*)

2.30–3.00 pm

Hodgkin lymphoma

A. Moskowicz (*USA*), discussant I. Buvat (*France*)

3.00–3.30 pm

DLBCL

C. Thieblemont (*France*), discussant M. Meignan (*France*)

3.30–4.00 pm

Discussion between audience and chair

4.00 – 5.00 pm

**Review of the trials including new PET parameters:
how these parameters can help trial designing?**

Chair:

T. El-Galaly (*DK*), M. Federico (*Italy*)

Review of the trials: O. Casanova (*France*)

5.00–5.30 pm

Discussion – Break

Evening sessions (on-line)

7.00 – 9.00 pm

Poster discussion and best poster award

Chair:

U. Duhresen (*Germany*), T. Vander Borgh (*Belgium*), summary of the poster and oral presentations
and Alberto Biggi award (M. Meignan, A. Gallamini, A. Versari, U. Duhresen, T. Vander Borgh).

9.00 – 10.00 pm

Perspectives and Conclusions

Chair:

E. Zucca (*Switzerland*), A. Lister (*UK*)

9.00–9.30 pm

**What can we get from the meeting to implement
the new Lugano classification? – B. Cheson (*USA*)**

9.30–9.45 pm

Discussion audience

9.00–9.30 pm

Conclusions – E. Zucca (*Switzerland*) M. Meignan (*France*)
